Ann-

Thanks for your help. I can only imagine how hectic it is there (as well as in the Springfield ADA's office) with the new DAs taking office in a couple weeks. Hope you get to enjoy the holidays!

Hello,

I will make note of this so just let me know your status. Yes, those lab numbers are correct for this case. Also, please contact me with any questions concerning upcoming cases. We have a new District Attorney taking Office on Jan. 5th along with several new ADA's. Things will be a bit crazy here for a while so just email me and I'll make sure to answer any of your questions.

Thanks and Happy Holidays,

Ann

Hi Gemma-

I don't know if you can help me with this, but I thought I'd ask. I received a faxed summons from you for the [REDACTED] case scheduled for Feb. 15, 2011, but there is no ADA listed. I also have a Fall River Superior court case that is scheduled to start that day as well as a district court case in Springfield (on call). The ADA in Fall River doesn't think that he will need me until the 16th, so there is a decent chance that I will be around, but I wanted to inform the ADA in Northampton that I may have a conflict. Also, the only lab number listed on the summons is [REDACTED] but our records show that [REDACTED] are also for the same defendant. Am I correct to assume that all three submissions are part of the case? Thanks for all of your help.
